System Control Engineering NZ Ltd

THE GAS BIZZ BULLETIN  
October 2010

# Are you the bright spark in your company?

## SPECIAL

SCE are offering a special deal this month on HT ignition lead.

For every metre of our High Temperature (rated at 150°C) Silicone HT Lead you buy, we will include a connection clip and a rubber boot.

- \* Maximum order of 10 metres
- \* Limited stock so be in quick
- \* No Rainchecks

System Control Engineering NZ Ltd would like to introduce:

Rik Reid

Rik has joined our company & will be looking after our internal customers on the telephone and in the showroom.

PDANZ, MIT and Auckland Master Plumbers Present  
**AUCKLAND PLUMBING TRADE SHOW**

Free CPD points available

**When:** Wednesday, 13th October 2010, 3pm onwards  
**Where:** MIT Plumbing Training Facility  
 9B Mahunga Drive, Mangere (look for Aqualine trailer)

Free CPD points testing from 5pm  
 Master Plumbers meeting  
 Free light meal with beer or wine provided

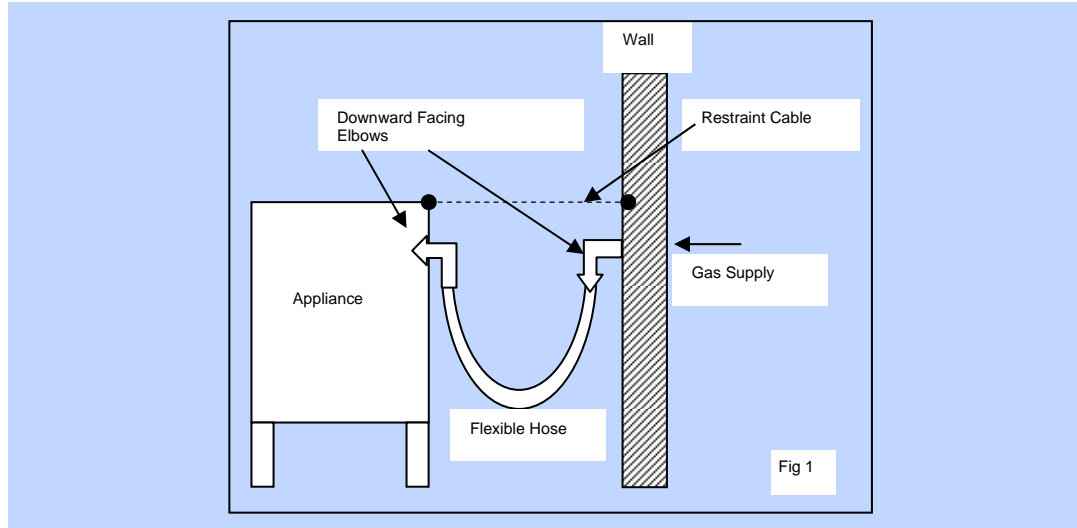

Phone: 09 636 1401 Fax: 09 636 1525  
 Email: [sales@systemcontrol.co.nz](mailto:sales@systemcontrol.co.nz)

# Technical Tip

## Correct Installation of Dormont flexible hoses

Care must be taken to install flexible hoses in such a way that they are not damaged when the appliance is moved for cleaning or service. Safety can be ensured by connecting the hose to downward facing elbows fitted to the appliance and the gas source. This allows the hose to hang in a natural curve and prevents excessive force being applied to the connection when the appliance is moved away from the connection point or crushed if the appliance is pushed back too far. This also allows the minimum space to be taken up by the connections. See Fig 1

It is also advisable to fit a restraint device of a suitable length. ( Usually 300mm shorter than the hose )  
This prevents the appliance both being moved too far and also prevents the appliance from tipping over, a major safety consideration.

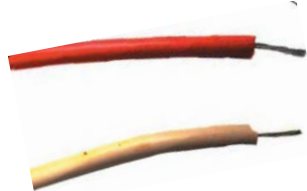

## Don't forget we have a large range of other ignition products available

- \* Ignition transformers, various voltages and outputs
- \* Small 3.5mm diameter silicone HT leads
- \* Piezo igniters and leads in 4 lengths
- \* Multi Point igniters
- \* Hot Surface igniters

A wide range of ignition electrodes and sensors are also available, including models from:

Robertshaw, White Rodgers, Catoba, Namco, Polidoro

# SMRVS100401

Don't forget we sell

Now only \$8.00+GST+Freight

## Quote of the Month

“Decide that you want it more than you are afraid of it.” *Bill Cosby*
